49. General Weyler's policy led to the relocation of the native population into camps, causing thousands of deaths due to unsanitary conditions, overcrowding, and disease.

50. The yellow press printed sensational stories of Spanish atrocities, creating a wave of sympathy for the Cuban insurgents among the American public.

51. The grim conditions in Cuba, including the hit-and-run scorched-earth policy by insurgents and the brutal tactics of General Weyler, prompted the establishment of an insurgent military organization in New York City.

52. The insurgents faced initial failures due to Spanish resistance. General Weyler's arrival marked a shift, as his relentless and brutal tactics intensified the conflict.

53. The larger conflicts, not solely caused by yellow journalism, involved policy differences between Spain and the United States, creating an environment that led to increased tension and eventually contributed to the outbreak of the Spanish-American War.

59. Cultural relativism is crucial as it allows anthropologists to understand and interpret a culture based on its own values and practices, avoiding ethnocentric judgments.
60. An example is the consumption of insects as part of the human diet in some cultures.
61. Anthropologists strive to understand cultures on their own terms by considering the purpose and meaning of behaviors, without imposing their own cultural values.
62. Ethnocentrism is the tendency to judge other cultures by the standards of one's own culture. It is problematic as it hinders objective understanding and can lead to biased interpretations.
